Essay: Shotokan Creed

Required for Third Kyu, Brown Belt

In addition to the skill requirements for third kyu, you are asked to write an essay on the dojo kun, or Shotokan Creed.

Your assignment is to fully explain your understanding of the dojo kun in a succinct and clear manner. You are expected to provide applications demonstrating a thorough understanding of the dojo kun. For this essay you are to treat each clause of the dojo kun independently and make tying points as appropriate.

You are encouraged to use pertinent quotes and references to support and explain your points. This is an explanatory essay, not persuasive or otherwise. Such quotes and references ought to be cited in endnotes in a manner sufficient to allow an instructor to find the source of the reference.

The essay is expected to be type-written and provided in an electronic format (i.e. Microsoft Word or equivalent). The font selected ought to be 12 point and easily legible. Spacing is to be 1.25 lines between with double returns between paragraphs.

Proper English grammar is expected for communications' sake, though grammar will not be directly graded. A clear structure for the essay ought to be evident, clear, and easily followed. Providing an outline with the essay as an appendix will be helpful and appreciated, though not required. Such an outline will not count toward the page count requirements.

This essay requires a minimum of three full pages to adequately explain the dojo kun. But it is not to exceed ten pages for brevity's sake.

A final submission is due one week prior to the test date. You are welcomed to submit drafts for review and feedback prior to the final submission.
